Advance-Nilfisk Part - Imagine how tedious it will actually be to tidy up your home right after throwing a large party, without assistance from cleaning equipment. Back in the day, when upholstery and carpets had the dirt beat out of them manually; brooms, cleaning cloths and brushes were the leading cleaning materials of that time.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his business in the year 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the start was to own a worldwide company marketing products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a incredible, ground breaking vacuum cleaner that could be operated by one individual in view of the fact that it only weighed 17.5 kilos! This creation came in a time where many cleaning machines were massive and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the way we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an ongoing crisis; stuff get dirty and need to be cleaned frequently, without a lot of effort.

Slowly but progressively, Nilfisk-Advance grew throughout the decades. During the 1980s, this expansion actually took place when the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the trade, trying to be among the largest universal players in the market of professional cleaning machines. Nilfisk-Advance is now located in every part of the globe by gradually obtaining lots of smaller businesses to be able to develop their product portfolio and presence in new markets. They are proud to offer a variety of cleaning solutions to meet each and every need.
